FUORISALONE 2024  
LAUNCH COLLECTION

The exclusive bathroom manufacturer KALDEWEI once again caused a stir with a spectacular presentation at the Fuorisalone 2024 from 15 to 21 April in Milan. Together with the Frankfurt interior label e15 and the celebrated British designer Bethan Laura Wood, KALDEWEI invited customers to the Casa Flash Art in the Palazzo Durini at the heart of the vibrant design metropolis. At this premium location of the Italian art magazine Flash Art, KALDEWEI and e15 presented exciting and surprising designs and furniture for progressive bathrooms. Discover our extraordinary surface designs from the Fuorisalone launch collection, which we presented for the first time at the event in Milan.
